## The Beauty of Gemina

So I'm creeping down, and I'm creeping forwards  
and I'm cruelly walking by  
and I'm coming out of this Cave  
I'm walking around you - I'm walking around you

In this Novel of Crime when I hear  
in this freezing Sound calling my Name now  
shouting to come out now, shouting to come out now

In this Novel of Grime when I hear  
In this whispering Sound calling my Name now  
out of this Dreaming  
and a howling Light out of my Mind now

So I'm creeping down, and I'm creeping forwards  
and I'm cruelly walking by  
and I'm coming out of this Cave  
I'm walking around you - I'm walking around you

In this Novel of Crime when I hear  
In this dreadful Sound calling my Name now  
shouting to come out now, shouting to come out now

And the Night is full of Hunters  
and All are hunting me  
And the Night is full of Hunters  
and All are hunting me

And the Night is full of Hunters  
and All are hunting me...
