

80's Romance

The Belle Stars

And when they told me that our love should be
You did become but you still wanted to be free
So I bit my teeth and went but my heart is cold
'Cause I don't believe it and I won't be told
Passionate love on the kitchen floor
You showed me your shame and I showed you the door
Past televisions is my hopes and ambitions
Making decisions and more ammunition
This is 80's romance (Save it)
Text books in our pockets
Turn on our faces
This is 80's romance (Save it)
Some money and our lives in our hands

Where's the sweetness and where's the charm
I think??? super thoughts???, tattooed on your arm
And when there's more, more to my live
Than sit at home being somebody's wife
You always come but you never stay
I haven't seen your face by day
Fingers twisting in the dark
Could it be we've got it strait from the start?
This is 80's romance (Save)
Text books in our pockets
Turn on our faces
This is 80's romance (Save)
Some money and our lives in our hands

You always come but you never stay
Fingers twisting

This is 80's
This is 80's

In the dark

Save
What's it all about
This is 80's, 80's
Our lives in our hands
Oh no, this is 80's, 80's
Our lives in our hands
This is 80's romance (Save)
Text books in our pockets
Turn on our faces
This is 80's romance (What is it all about?)
Some money and our lives in our hands
This is 80's romance (Save)
Text books in our pockets
Turn on our faces
This is 80's romance
