

Baby I'm Yours

The Belle Stars

See me with another guy and think that I'm a cheat
When you see me turn a blind eye and it keeps you on your feet
You know, anything that you want, all you gotta do is call
I stop right there and take your heat, I'm at your beg and call
And I say
Baby don't leave me
Baby don't leave me
I'm yours, baby don't leave me
Baby don't leave me
Baby don't leave me
I'm yours

I don't really care for other guys, honey you're the one
I do anything that you want, this is how I get my fun
You know, anything that you need, all you gotta do is call
I stop right there and take your heat, I'm at your beg and call
And I say
Baby don't leave me
Baby don't leave me
I'm yours, baby don't leave me
Baby don't leave me
Baby don't leave me
I'm yours

And I say
Baby don't leave me
Baby don't leave me
I'm yours, baby don't leave me
Baby don't leave me
Baby don't leave me
I'm yours
