

## Inner Meet Me

The Beta Band

Inner meet me, oh you can't decide

Last night I dreamt somebody fell asleep between my knees  
I couldn't help it rejected by a boy called me  
Last night I dreamt somebody fell asleep between my knees  
I couldn't help it rejected by a boy called me  
Last night I dreamt somebody fell asleep between my knees  
I couldn't help it rejected by a boy called me  
Say what you feel

Never dream alone  
Never dream alone
