

# Anytime You Need A Friend

The Beu Sisters

When you're sad  
When you're feeling low  
When you're hurt  
And don't know where to go  
Think of me, there I'll be  
Any time you need a friend

When you're down  
And your luck runs out  
Or if you're in trouble or in doubt  
It's okay, turn my way  
Any time you need a friend

When you're scared  
I will stay with you  
When you feel you're falling  
I'll lift you

When you're heart breaks  
I'll ease your aches  
Whatever it takes, I'm in  
Any time you need a friend

All our lives  
Anywhere we are  
Just reach out  
I'll never be too far

Come what may  
There I'll stay  
Any time you need a friend

When you're scared  
I will stay with you  
When you feel you're falling  
I'll lift you

When you're heart breaks  
I'll ease your aches  
Whatever it takes, I'm in  
Any time you need a friend

When you need a friend  
Come what may  
There I'll stay  
Now until the very end

Any time, any time you need a friend  
Whatever it takes  
Any time, anywhere  
Any time you need a friend
