

# Please Take Me Home

## The Bird and the Bee

Lost on an island with some joker who just jokes incessantly  
And some singer won't stop singing, is it her or is it

Save me, save me, save me [x3]  
From the wicked things I see  
Take me, take me, take me [x3]  
To a place I'd rather be

Please, will you take me?

Home

Will you take me?

I don't even know if I'd even know the way without you now

Will you take me?

Please

Will you take me?

There's too much to say but you'll say that I am much too tired  
tonight

Will you take me?

Home

Will you take me?

Carry me inside, like I carry you, you carry me inside

Will you take me home?

Tell me how you missed me while you kiss me

I've been gone for much too long

Going crazy, making babies keeping house and singing

Fill me, fill me, fill me [x3]  
With all the love I'd ever need  
Kill me, kill me, kill me [x3]  
I would kill myself to please you

Please, will you take me?

Home

Will you take me?

I don't even know if I'd even know the way without you now

Will you take me?

Please

Will you take me?

There's too much to say but you'll say that I am much too tired  
tonight

Will you take me?

Home

Will you take me?

Carry me inside, like I carry you, you carry me inside

Will you take me home?
