

I heard a spark  
Something that glowed  
Hundred feet higher

I open my eyes  
When there is light  
To see if I'm closer

What if I stopped  
Just for a while  
To make it go slower?

Still up the night  
Just for a while  
To see if I'm finer  
Live like I'm finer

Tell me a tale  
Something with fire  
To break from the sorrow

To break through the dirt  
Piles of earth  
To see where the sun goes

What if I stopped  
Just for a while  
To see if I'm closer?

Still up the night  
Just for a while  
To see where the sun goes

Oh, oh, oh  
Oh, oh, oh, oh, oh, oh  
Oh, oh

I heard a spark  
Something that glowed  
Hundred feet higher

I open my eyes  
When there is light  
To see if I'm closer

What if I stopped  
Just for a while  
To see where the sun goes?

Still up the night  
Just for a while  
To see if I'm finer  
Live like I'm finer
