

Down

The Birthday Massacre

Tell me why
We never cared to do this when we still had time
We'll never have to give up if we never try
I know I'll only want it when its gone
Into the fire
Show me now

I wish that I could fake it but I don't know how
I know we'll never make it but I cant stop now
We're only just beginning and its over

Too late
No time
Your now
Can wait
Now

It's too late
No time for now
can wait
and now

We all fall down
Into the fire
And my wishes have all come true
We all fall down
I don't want it if I can't be with you

Leave me here
I'll never see tomorrow til my eyes are clear
We never could run faster than the passing years
I know that I wont miss you til your gone
Into the fire

Cross my heart
We'll never have to let this end if we don't start
We'll never see the light til we fell into the dark
We're only just beginning and its over

Too late
No time for now
Can wait
Now
Its too late
No time for now
Can wait
And now

We all fall down
Into the fire
And my wishes have all come true
We all fall down
I don't want it if I can't be with you

There's a lesson that we learn
In the pages that we burn
Its written in the ashes of the fire in love

All the world is spinning 'round
As we crash into the ground
We'll never be together now

It's too late
