

Don't Fall Down

The Black Angels

Don't you fall down
Don't fall down
Don't you fall down
Don't fall down when you see her

Ease up by her side
When you're near her (Don't fall down)
If your voice is tired (Don't fall down)
Don't deceive her (Don't fall down)
Tell her what you feel (Don't fall down)
She'll receive you
If your voice is real
Every time you need her, she's there
To ease the pain that fogs you
And when you don't need her, calm her stare
You know she's needing you
You

Don't you fall down
Don't fall down
Don't you fall down
Don't fall down as you love her

(Don't fall down)
She loves only you (Don't fall down)
As you lift her (Don't fall down)
She believes in you
From beside her (Don't fall down)
Keep behind her eyes (Don't fall down)
They're behind you (Don't fall down)
As the thought applies

If you want to rise, you must place
Someone where you are standing
Everything she learns is on her face
Your strength is all she's demanding
Demanding, demand

That you don't fall down
Don't fall down
Don't you fall down
Don't fall down

Can you feel it? (Don't fall down)
Can you feel it? (Don't fall down)
Can you feel it? (Don't fall down)
Can you feel it? (Don't fall down)
When you leave her (Don't fall down)
Give her promises (Don't fall down)
When you breathe her (Don't fall down)
Give her all your kisses (Don't fall down)
As you hold her (Don't fall down)
Never disappoint her (Don't fall down)
As you hold her (Don't fall down)
Do all that you told her (Don't fall down)

Can you feel it?

Can you feel it?
Can you feel it?
Can you feel it?
Can you feel it?
