

Paladin's Last Stand

The Black Angels

Well I'm leaving today
I came in the same way
I'm running away
With a grin on my face
And the gun on my waist
Will I feel this way
To erase my name
Like J.F.K

Well I'm leaving today
[?]
And this grin on my face
Ain't going away
Now I lost my place
But I found my way
And Jesus saves
He helped dig my grave
