

5 O'clock Turn Back The Time

The Black Box Revelation

5 o'clock turn back the time
I wanna work in the broad daylight
so when I come, when I call, they will
see it all

5 o'clock turn back the time
ain't gonna work when it's dar outside
So I can dance, I can drink,
have fun all night long

what? Did I do something wrong?
just cannot remember what I've gone
and done
got bloody money in my hands
I have to admit that's the price
to kill a woman that cannot hide
I got more victims by my side
you vetter believe I'm as mean
as anything the sun has seen

5 o'clock turn back the time
I wanna work in the broad daylight
So when I come, when I call, they will
see it all

5 o'clock turn back the time
ain't gonna work when it's dar outside
So I can dance, I can drink,
have fun all night long

Five PM, the day is dead
my switch blade knife has gone to bed
I told you once, told you twice
The night's for love, thats my advice
so why should you run?
I'm holdin abeer, not a gun.

lalalalala.

5 o'clock turn back the time
I wanna work in the broad daylight
so when I come, when I call, they will
see it all

5 o'clock turn back the time
ain't gonna work when it's dar outside
So I can dance, I can drink,
have fun all night long
