

## Sealed With Thorns

### The Black Box Revelation

Decapitated male bodies  
Flying through the sky  
Sowing their seed on the land  
While the women come outside

Why can't we reach  
higher, higher  
Our minds are sealed with thorns

The women gather in the streets  
To go back to the fields  
Where they will give birth  
to headless children

Why can't we reach  
higher, higher  
Our minds are sealed with thorns
