

Almost Rising

The Black Pacific

Now this feels broken - like I've got nothing left to lose
I feel so sorry - that you've got no one left to use
So take this token - I leave it up to you to choose
Between what's right and the stupid shit you always do
I've waited for the end of us
And I won't give up 'til you're buried head first
And I will laugh hard when you cry
And I will dance the day you die
Because you're dust and I'm still alive

This is my parade 'cause I broke your curse
Now I'm diving into the sea head first
And I'm on my way 'cause I prayed for this day
For the first time in my life - I'm finally alive

Now that it's over - I guess I was too blind to see
It all meant nothing
Now you mean nothing more to me
The word unspoken - you couldn't say them to my face
As each day passes - more of our past will be erased
Now we leave this all behind
So let me give you one last goodbye
And say I never really cared, and each moment that we shared
I'll gladly watch at those memories die

This is my parade 'cause I broke your curse
Now I'm diving into the sea head first
And I'm on my way 'cause I prayed for this day
For the first time in my life - I'm finally alive

This is my parade 'cause I broke your curse
Now I'm diving into the sea head first
And I'm on my way 'cause I prayed for this day
For the first time in my life - I'm finally alive
