

Glow In the Dark

The Bloody Beetroots

When you're down on nothing, and you cannot see the end
When you're down on nothing, and you cannot find your friends
Bring them in
Tell me where you're hiding out
Missing when I need you now
Ohhhhh Ohhhh Ohhh Ohh
Ohhhhh Ohhhh Ohhh Ohh
I spent too long with the lights out
To flip that switch again
Said I spent too long with the lights out
Wondering where you've been
Said i spent too long with the lights out,
Too long with the lights out
Too long
Too long
Too long

Now I glow in the dark
Now I glow in the dark
(in the dark) 2x

When you're higher than burning
A drop will fill your cup
When you're higher than loving
Down it seems like her
Wishing that
Heaven would just shine on me
Shine down and set me free
Ohhhhh Ohhhh Ohhh Ohh
Ohhhhh Ohhhh Ohhh Ohh
I spent too long in the shadows to hide my life from you
I spent too long in the shadows
But now i know the truth
I spent too long in the shadows
Too long in the shadows
Too long
Too long
Too long

Now I glow in the dark
Now I glow in the dark
(in the dark) 2x
