The Bolshoi

When I go for walks in the green I take my jar because I'm so keen I catch a waspy far from home I know it's right to leave him alone Waspy don't fear it is only for fun In my whole life I ain't hurt anyone Hurt anyone I beseach you Waspy don't leave me Don't fly Don't crawl Don't go away You cause mess wherever you've been Tell me, tell me, everything If you don't tell I will rip off a wing With you in your jar I can do anything Do anything I beseach you Waspy don't leave me Don't fly Don't crawl Don't go away Ugly yellow zebra all filled with hate You head butt the jar, your backside pulsates You will be done before this day is through I'll keep your remains then I'll remember you Remember you I beseach you Waspy don't leave me Don't fly Don't crawl Don't go away Waspy, Waspy, Waspy, Waspy... Waspy, Waspy, Waspy, Waspy... Don't die waspy Don't die on me Please don't die Please Be a nice little waspy...
