

Free Love On A Free Love Free Way

The BossHoss

Hear the motor roarin', baby so proud and loud
Yeah it's a steam machine
Nothing can't stop me I'm headin' for the skyline
My big baby's so mean

Gonna hit the gas, set the wheelies on fire
There's no speed limit baby I'm power rider
Gonna break all rules, I'm a truck driver
And I'm proud as a god, gonna take me higher

Come on
I am-a-on my way to
Free love
On a free love free way

Yeah I'm king of the road, oh let me tell you about
When the sun goes down; I'm surly not alone
I got plenty of chicks, they help me out of the fix
In the freeway ditch

Wanna hit the road to the highway of love
Where love takes you higher and the highway's long
Gonna break all rules, I'm a lover and a fighter
Proud as a god gonna set you on fire

Come on
I am-a-on my way to
Free love
On a free love free way

Gonna hit the road to the highway of love
Where love takes you higher and the highway's long
Gonna break all rules, I'm a power glider
And I'm proud as a god gonna take you higher

Come on
I am-a-on my way to
Free love
On a free love free way
