

Last Day

The BossHoss

we wanna leave tomorrow behind
no regrets, no rewind
time won't tell - we're gonna tell the time
a second gets no second try
so live fast - love hard

the mission is decision - do or die, do or die
we won't ask for permission - do or die, do or die

and we're gonna say yeah
hello to the last day of our life
and we wanna live it fast
'cause it's gonna be the last

it's gonna be, gonna be our best day
in any way it could be our last day
we live it, live it, live it in a fast way
'cause every day is gonna be our last day

advice from the wise is a waste of time
we wanna shoot for the stars,
gonna make 'em shine - for a new lifetime

this is our revelation - do or die, do or die
we are the new ignition - do or die, do or die

and we're gonna say yeah
hello to the last day of our life
and we wanna live it fast
'cause it's gonna be the last

it's gonna be, gonna be our best day
in any way it could be our last day
we live it, live it, live it in a fast way
'cause every day is gonna be our last day

it's gonna be, gonna be our last day
do or die, do or die
it's gonna be, gonna be our last day
do or die, do or die
it's gonna be, gonna be our best day
do or die, do or die
it's gonna be, gonna be our last day
do or die, do or die

and we're gonna say yeah
hello to the last day of our life
and we wanna live it fast
'cause it's gonna be the last

it's gonna be, gonna be our best day
in any way it could be our last day
we live it, live it, live it in a fast way
'cause every day is gonna be our last day
