

# Liberty Of Action

The BossHoss

We wanna suck up cloud no. 9,  
in living the dream, we're the first in line.  
Future is now, we're the new generation - all we want  
is Liberty of Action.  
This is what we want - Liberty of Action.  
What do we want - Liberty of Action.  
Tell us what you want - Liberty of Action.

Do's, don'ts, danger zones, on the streets, in my head.  
Fear, war, oil for blood. Who is God? - Who is not?  
I need a break, please somebody recall,  
hell, I'm tired of standing with my back against the  
wall.  
So - Tell me what you want - Liberty of Action.  
So fuck-off, I want - Liberty of Action.

Shake your money maker, pay your due,  
reach out for the sky, while the skies are blue.  
I don't wanna die, before I grow old,  
gimme time to shine before my blood runs cold.

Sorry, Mother Earth, our intentions are clear.  
Money makes you turn around, so Mother - no fear!  
And don't you complain, we're in pre-negotiation,  
politics will seek for the final solution!

Anything goes, gotta wheel the big deal  
- this is insanity, my head's under the heel!  
So someone do something for cloud no.9,  
if no one does nothing, it's a question of crime!  
So tell what we want - Liberty of Action.  
God dammit, we need - Liberty of Action.

Shake your money maker, pay your due,  
reach out for the sky, while the skies are blue.  
I don't wanna die, before I grow old,  
gimme time to shine before my blood runs cold.

It's now or never - we gotta change the channel!  
Is it the light of a train, at the end of the tunnel?

I wanna suck up cloud no.9,  
I'm living the dream, I'm the first in line.  
Future is now, we're the new generation - all I want is  
Liberty of Action.

We wanna suck up cloud no. 9,  
in living the dream, we're the first in line.  
Future is now, we're the new generation - all we want  
is Liberty of Action.

Hell, we want - Liberty of Action!  
Fuck-off, we want - Liberty of Action!  
Tell me what you want - Liberty of Action!
