Shake and shout

Hey looky, baby what you're doin to me
Oh yeah you shaky, shaky your hips for me
Chills down my spine gimme the thrills for free
Oh baby gimme your lovin'attention
You knock me out you make me scream and shout
Uuh yeah baby's killing my pain
Uh now don't stop, damn hot, be my buttercup
I need some more gimme satisfaction
I need some more gimme satisfaction
I need some more gimme satisfaction
Hey little thing if you want me too
I'll let my furious power rain down on you
I'm gonna show what it's all about
Make you shake and shout, shake and shout, so don't
Keep me waiting, keep me waiting
Keep me waiting, keep me waiting

Uh now come on come on uh baby gimme some more
Get down to the nitty gritty, dance to the ditty kitty
Pride right, hold tight, feels right, drive me wild
You got me laying on the wood and it feels so good
You shot me down, made me ease my pain
Uh yeah I'm turning insane
Oh you damn hot, wanna rock, baby don't stop
Uh shake and shout baby let it out
Shake and shout baby let it out
Shake and shout baby let it out

Hey looky baby what you're doing to me
Get down to the nitty gritty, dance to the ditty kitty
Pride right, hold tight, feels right, drive me wild
Chills down my spine uh gotta break free
You got me laying on the wood and it feels so good
You shot me down make me scream and shout
Uh yeah babys bitter sweet pain
Uh prideride, hold tight, feels right, drive me wild
Gimme gimme more, gimme satisfaction
