

Stallion Battalion

The BossHoss

We're on the go like a landslide, baby
This we are out of conviction
I said aah, out of our way
I said aah back for more gonna keep on
keep on rolling on
Aah out of our way

No mercy for the fucked up phonies
No mercy for the pop star schnooks
Aah out of our way
We're on the track an we'll run you over
pound you in the mud where you belong
I said aah out of our way
I said aah we will defy, make you cry
leave your hair standing high
I said aah out of our way

We're the stallion battalion
to the flesh, blood and bone we're 7 in a million
On a high speed power rage, looking for action
We're the stallion battalion

So will you join our big revolution
We're gonna bring that baby home
I said aah out of our way
We're outnumbered but in good condition
We're gonna keep on keeping on
I said aah out of our way
I said aah gonna keep on rolling, rolling,
rolling, rolling on
Aah out of our way
