## **My Tiger My Heart**

## The Boy Least Likely To

As sweet as a plum and lovely as dawn Rolling its tongue over its gums Like tiger and me as happy as could be Sat out on the porch

As the whole of the sky Clouds quietly over And it starts to cry Softly on my shoulder

We don't want to grow up But we have to grow up As sad as I am, I do understand I do understand, it just makes me sad

My tiger my heart We're growing apart We're trying to be friends

But it's hard sometimes To be friends with something that eats butterflies And pencil sharpeners And I think it would be happier being free

My tiger my friend My little godsend I know someday, we'll be happy again
