```
Too many fingers, too many thumbs
Something wicked this way comes
The best time I've ever had
Waiting around for something bad
Fearless, fearless, ohh
And I know that's why you love me
Fearless, fearless, come on
And I know that's why you love me, chica
And I know that's why you love me, chica
And I know that's why you love me, chica
Oh, so fearless
Oh, so fearless
Oh
```

This is what it's all about Take me in and eat me out Pins and needles in my arms Lucky eyes and lucky charms

```
Fearless, fearless, ohh
And I know that's why you love me
Fearless, fearless, come on
And I know that's why you love me, chica
And I know that's why you love me, chica
And I know that's why you love me, chica
```

```
Oh, so fearless
Oh, so fearless
Oh, so fearless
Oh, so fearless
Oh, yeah
```
