

## All Around You

### The Brian Jonestown Massacre

All around you everywhere  
It surrounds you the love we share

It's a secret for everyone  
If you listen we'll give you some  
All you wanted, what you need  
Will be given without greed

The beginning and the end  
Altogether with our friends  
All around you everywhere  
It surrounds you the love we share  
It's a secret in your ear  
If you listen, if you will hear
