

Cause I Love Her

The Brian Jonestown Massacre

She said
I love you
And I know it can't be wrong
'Cause I've waited for so long
I've waited for you

He said
Ah
Girl, you best run for your life
Because I'll never take a wife
I live alone with all my strife
I'm unrepentant

But I said
I love her
All the tears that she has cried
Many years after they've dried
I will be there by her side
Because I love her
Yes I do
You
