

Got My Eye on You

The Brian Jonestown Massacre

I got my eyes on you
And if you tell me the truth
Then you're the best thing that I ever seen
The way you smile at me
I nearly lost my feet
Cause your the best thing that I ever seen
I wanna to let you know
I wanna take you home
I gotta gotta gotta gotta gotta get you alone
Ha
Come on baby
?
Come on
Here we go
Don't lose it now
Bombs away baby
You know you turn me on
You turn me on and on
You turn me upside down, turn me on
Do it feel so fine
I can't waste no time
I gotta gotta gotta gotta gotta make you mine
Now look it here woman
You cant do this to me baby
?
No
Here we go woman
You got to do
?
Me baby
You got to come back with me
Come on
Don't lose it now woman
Bombs away baby
