

Let Me Stand Next to Your Flower

The Brian Jonestown Massacre

Wept as you walked away
I love you was all i could say
You're just like the voice in my head
You're making me wish i was dead
You're like candy to me
You're like candy to me
You're like candy to me
But candy's no good!
You love and you leave it's ok
I'm missing you more every day
You're like candy to me
You're like candy to me
You're like candy to me
But candy's no good!
Wept as you walked away
I love you was all i could say
You're just like the voice in my head
You're making me wish i was dead
You're like candy to me
You're like candy to me
You're like candy to me
But candy's no good!
You love and you leave it's ok
I'm missing you more every day
You're like candy to me
You're like candy to me
You're like candy to me
But candy's no good!
