

# Ball And Chain

The Brian Setzer Orchestra

Never call when you're out late  
I don't know when you're comin' home  
Change your mind just like the weather  
And I don't know if I'm ever gonna

Break this ball and chain  
And to you our love is just a little game  
Now there's a fine line between  
pleasure and pain  
You love me like a ball and chain

When I called up information  
Tryin' to pinpoint a location  
When I find out unexpected  
That your number's disconnected

Oh I got to break this ball and chain  
And to you our love is just a little game  
Now there's a fine line between  
pleasure and pain  
You love me like a ball and chain

I spent all my money  
On a big shiny car  
I spent all my time  
In the back of a bar

Drivin down the highway  
But I never get far  
Keepin up with you baby's  
Like chasin a star

Never call when you're out late  
I don't know when you're comin' home  
Change your mind just like the weather  
And I don't know if I'm ever gonna

Break this ball and chain  
And to you our love is just a little game  
Now there's a fine line between  
pleasure and pain  
You love me like a ball and chain

There's a fine line between  
pleasure and pain  
Love me like a ball and chain  
There's a fine line between  
pleasure and pain  
love me like a ball and chain
