

# Train of Thought

The Briggs

Sometimes I feel I do not know myself  
Being someone else  
Infiltrate this pain inside my head  
My mind has just gone dead  
I wish I didn't have to feel  
Emotions are too real  
Stuck inside this living hell  
I thought that I was well

You don't know how I feel  
You don't know how I feel  
I was gonna say something meaningful  
I was gonna say something wise  
I was gonna say something that meant something to me  
But I lost my train of thought  
lost my train of thought  
lost my train of thought  
lost my train of thought

Not asleep but never really awake  
More than I can take  
Trap myself inside this empty clause  
Clenched between its jaws  
Resurrect this throe I put to sleep  
Secrets I can't keep  
Why does this shit always happen to me?  
I just want to be free

You don't know how I feel  
You don't know how I feel  
I was gonna say something meaningful  
I was gonna say something wise  
I was gonna say something that meant something to me  
But I lost my train of thought  
lost my train of thought  
lost my train of thought  
lost my train of thought

A facade of what my life's supposed to be  
But it just isn't me  
Owning up to the blame of what's been done  
I can accept none  
Plea for self-appointed absolution  
I don't deserve one

You don't know how I feel  
You don't know how I feel  
I was gonna say something meaningful  
I was gonna say something wise  
I was gonna say something that meant something to me  
But I lost my train of thought  
lost my train of thought  
lost my train of thought  
lost my train of thought
