

Bloody Lip

The Bunny the Bear

Was I right?
Just keep telling myself I tried and I got what I wanted
So was I right just telling myself I tried?
(In too deep, we spend life on our knees)
All alone, alone, alone, I can't hack it

Salt lips, false kiss, another moment smashed
Mistaking lust as heaven sent
Breathe in, not once, but maybe twice
Which one will make it out alive?
Chapped lips, bruised hips, another man's been bent
He prayed for love but lust was sent
I thought I could remind you what you said this meant
You lied

Down on my luck for the last time
Close your legs, kill the vibe
Now we'll try, but I still can't sleep at night

Was I right?
Just keep telling myself I tried and I got what I wanted
So was I right just telling myself I tried?
(In too deep, we spend life on our knees)
All alone, alone, alone, I can't hack it

Scratched back, heart attack, I'm right where I belong
Bloody lip, put it in a song
But I can't act like I don't feel the hate
Every time I find god in between your legs
You showed me who I am, you rubbed it in my face
You ripped my wings off and told me "Have faith"
You pushed me off of the cliff, then you told me to fly
My self sufficiency was always a lie

Down on my luck for the last time
Close your legs, kill the vibe
Now we'll try, but I still can't sleep at night

Was I right?
Just keep telling myself I tried and I got what I wanted
So was I right just telling myself I tried?
(In too deep, we spend life on our knees)
All alone, alone, alone, I can't hack it
[x2]

Now, thinking back to the words you said, I'm losing it

Was I right?
Just keep telling myself I tried and I got what I wanted
So was I right just telling myself I tried?
(In too deep, we spend life on our knees)
All alone, alone, alone, I can't hack it
[x2]
