

Pull Em' Up Or Prenup

The Bunny the Bear

This is how I've fallen for you
Endless
(This is how she haunts me)
"For you I'd give..."
This is why I've fallen for you
This is why I've fallen for you
Lovely
(Call it quits)
Now I've caught you
(Call it quits)
Now I've caught you
(Call it quits)
Now I've caught you
(Call it quits)

You know I'm explicit in the most devious way
Now I'm coming for you,
Now he's coming in you,
Now I'm bending for you,
Now I need to show you...

(Listen)
As the screams seep through the wall.
(Listen)
As the screams seep through the wall.

Awkward how I caught you (with your pants down), cheating.
Cheating! Cheating!
Cheating.
Cheating! (Cheating!) Cheating! Cheating!
Awkward how I caught you (with your pants down), cheating.
Cheating! Cheating!
Cheating.
Cheating! (Cheating!) Cheating! Cheating!

This is how I've fallen for you
Endless
(This is how she haunts me)
"For you I'd give..."
This is why I've fallen for you
Lovely
(Call it quits)
Now I've caught you

(Listen)
As the screams seep through the wall.
(Listen)
As the screams seep through the wall.
(Listen)
As the screams seep through the wall.
As the screams seep through the wall.

(Screaming because he knows I caught you)
I'm charging you,
(Screaming because he knows I caught you)
with distinct,
(Screaming because he knows I caught you)

misuse of,
(Screaming because he knows I caught you)
my embrace
(Screaming because he knows I caught you)

(Listen)
As the screams seep through the wall.
(Listen)
As the screams seep through the wall.

(Screaming because he knows I caught you)
I'm charging you
(Screaming because he knows I caught you)
with distinct
(Screaming because he knows I caught you)
misuse of
(Screaming because he knows I caught you)
my embrace

This is how I've fallen for you
Endless
(This is how she haunts me)
"For you I'd give..." (For you)
This is why I've fallen for you
Lovely
(Call it quits)
Now I've caught you
Now I've caught you

You know I'm watching you,
(Don't you know, that, I can't)
You should have always known
(Replace all that, I've given to you?)
I catch on fire when I think of you

You know I'm watching you,
(Don't you know, that, I can't)
You should have always known
(Replace all that, I've given to you?)
I catch on fire when I think of you

You know I'm watching you,
(Don't you know, that, I can't)
You should have always known
(Replace all that, I've given to you?)
I catch on fire when I think of you

You know I'm watching you,
(Don't you know, that, I can't)
You should have always known
(Replace all that, I've given to you?)
I catch on fire...
