

Come See Me

The Buzzhorn

If you come see me
Oh, put me in your pocket
And I won't ever run away
Oh and when I see you
Oh, you flip me like a rocket
And I won't ever be the same

You decorate my soul, oh yeah
And set it all on fire
You decorate my soul, oh yeah
And set it all on fire

And if you come and see me
I'll be hiding in the darkness
This might never go away
Oh and when I see you
I'll be sleeping on needles
And I won't ever be the same

You decorate my soul, oh yeah
And set it all on fire
You decorate my soul, oh yeah
And set it all on fire, oh yeah
And set it all on fire

You decorate my soul, oh yeah
And set it all on fire (set it all on fire)
You decorate my soul, oh yeah
And set it all on fire
