

# I Only Know How To Love

The Canadian Tenors

They say love can take you far  
Be your self and there you are  
Once in a lifetime when will she be mine, heaven knows  
Love can take you  
Up the mountains, down below  
Day or night she won't let go,  
Love like a warm wind  
Sworn to the feelin'  
Need to know

What does it feel like, when can I say  
It's the furthest I've ever been and I found a way  
What does it sound like, when will I know,  
How does it feel like, letting go,  
A memory of - I only know how to love

When I dream I'm in her arms  
Feeling safe and far from harm  
She knows where I've been, places that I've seen, I need to know

Heaven tell me

What does it feel like, when can I say  
It's the furthest I've ever been and I found a way  
What does it sound like, when will I know,  
How does it feel like, letting go,  
A memory - I only know how to love

Deep down inside she's here tonight by my side

What does it sound like, when will I know  
How does it feel like, letting go  
A memory - I only know how to love

I only know how to love
