

Round 2

The Cataracs

She said she single
She wants to mingle
Over pringles with vodka,
Sprite so it feels so right

She loves it
Just talking and drinking
And thinking bout life
She wants to tell me everything

About her baby, I'm so crazy
Stay away from me, I might be wasted
But she's too tasty, to stop myself
From feelin this good, I can never have enough

Don't need no money
Baby what you got on
You make the Urban Outfitters
Look like Louis Vuitton

And you know, you know
You know, you know
I'm ready to go
I'm ready to go

Let's go round 2

It's 2 AM in the morning
Getting drunk on the dancefloor, champagne on ice
It feels good, to be falling
Inlove, with you, tonight

[Chorus]
Let's go round 2
Let's go round 2
Let's go round go round 2
I know just how you like it
Let's go round 2
Let's go round 2
Let's go round go round 2
I know just how you like it

She said she single (That right?)
Wanna mingle
But fuck the text message
I'm way more interested
In breakfast in bed
Maybe that was too direct
Pardon my French
But that booty has me like OW
I really gotta know if you DTF

Don't need no money
Baby what you got on
You make the Urban Outfitters
Look like Louis Vuitton

And you know, you know
You know, you know
I'm ready to go
I'm ready to go

Let's go round 2
(I said aye!)

It's 2 AM in the morning
Getting drunk on the dancefloor, champagne on ice
It feels good, to be falling
Inlove, with you, tonight

[Chorus]
Let's go round 2
Let's go round 2
Let's go round go round 2
I know just how you like it
Let's go round 2
Let's go round 2
Let's go round go round 2
I know just how you like it

Round 1 was fun
But it's over
Let's go round 2
And get a little bit closer

Round 1 was fun
But it's over
Let's go round 2
And get a little bit closer

[Chorus x2]
Let's go round 2
Let's go round 2
Let's go round go round 2
I know just how you like it
Let's go round 2
Let's go round 2
Let's go round go round 2
I know just how you like it
