

Love Is A Golden Ring

The Cats

(Your love and mine dear, it will shine dear)
(Just like a golden ring on your finger)
(Your love and mine dear, it will shine dear) Love isn't just f
or tonight (Just like a golden ring on your finger)
Or two arms (We'll have a true love, forever true love) that a-
hold me so tight (We'll make it last long, we'll make it linger
)
Love is a song that two must learn to sing
Love (Your love and mine dear, it will shine dear) is a golden
ring (Just like a golden ring on your finger)
Love's not a summer romance or the kiss that-
a follows the dance
Love is forever, a very lasting thing
Love (Your love and mine dear, it will shine dear) is a golden
ring (Just like a golden ring on your finger)
The wedding in the church, the happiness and tears
The little ring you wear will last trough all the years
And in our golden days, we'll find eternal spring
With love (Your love and mine dear, it will shine dear) and a g
olden ring (Just like a golden ring on your finger)
So please (Your love and mine dear, it will shine dear), won't
you wear it for me? (Just like a golden ring on your finger)
With faith (We'll have a true love, forever true love) and swee
t charity (We'll make it last long, we'll make it linger)
And for lonely lovers lost this message we will bring
Love (Your love and mine dear, it will shine dear) is a golden
ring (Just like a golden ring on your finger)
Love is a golden ring
Love is a golden ring
