

What A Crazy Life

The Cats

Listen to my story
And you'll see, hé hé hé
I don't let the bad world trouble me, hey, hey, hey
What a crazy life I'm living
Don't get time to wear a frown
Always laughing never crying
Nothing ever gets me down

Listen to my story
And you'll see, hé hé hé
I don't let the bad world trouble me, hey, hey, hey
What a crazy life I'm living
Yesterday my girl left town
She'll be back before the week's out
But she won't find me around

She thought I would cry
When she said goodbye
That couldn't happen to me
I won't lose my mind
'Cause I'm just another the kind
There's plenty of fishes in the sea

What a crazy life I'm living
Worries just don't bother me
Keep on smiling through the bad times
This is my philosophy

She thought I would cry
When she said goodbye
That couldn't happen to me
I won't lose my mind
'Cause I'm just another the kind
There's plenty of fishes in the sea

What a crazy life I'm living
Worries just don't bother me
Keep on smiling through the bad times
This is my philosophy

What a crazy life I'm living
