

I'm in a spin
I won't let this darkness in
Turning around
Grinning as I leave the ground
Wanting it all
I'm tearing right through that wall
Once and for all
I'm tearing through that wall
Taking it out

A little rain's going to keep on falling on me
I'm going to keep on calling to you

I'm in a spin
Spinning at the speed of sound
I'm in a spin
Hanging with the lost and found
I'm on fire
rushing on my way to you
I'm on fire
Rushing on my way to you
Checking it out

A little rain's going to keep on falling on me
I'm going to keep on calling to you

I'm on fire
Beside you
I'm on fire
