

## Music In The Womb

The Chameleons

She played me music in the womb  
So I'd learn to talk in tune  
She played me music in the womb  
So I'd learn to talk in tune

Dreaming of something  
Waiting for something  
Longing for something  
Dreaming of something

They told me stories everyday  
So I'd learn to think that way  
They told me stories every day  
So I'd learn to think that way

She played me music in the womb  
She played me music in the womb

Dreaming of something  
Dreaming of something
