

Summer's Love

The Chantels

Summer is here
I need you so
We'll be together
Once more I know

Darling, I'll hold you
Deep in the night
Cause when I hold you
Everything is alright
Because I love you so

We'll go strolling
Through the park
And I'll caress you
Somewhere in the dark

And then, my darling
I know you'll see
You are the only love
In this world for me
Because I want you so

Tell me you love me
Make me a king
For you, my darling
I'd do anything
Because I love you so
