

# Blackened Blue Eyes

The Charlatans

A Charlatan I  
Noble and wild  
Hustlin' for tricks to help you feel loved  
And we all need a shoulder to cry on.... once in a while  
And there won't be a dry eye  
In the house tonight

Blackened blue eyes  
I don't care too much for your  
Circumstances or you  
Situation wise

A Charlatan I  
Will blossom and die  
One day you'll find a real need for love  
Or you live with the fear for  
The rest of your life  
And there won't be a dry eye  
In the house tonight

Blackened blue eyes  
I don't care too much for your  
Circumstances or you  
Situation wise

The one thing I hate  
The numb and the fake  
The gutless who rape  
The jaws of a snake  
We all need a best friend  
We can trust with our lives till the end  
And there won't be a dry eye  
In the house tonight

Blackened blue eyes  
I don't care too much for second chances  
Blackened blue eyes  
I don't care too much for final chances  
Ride out into a world of random prostitutes  
I'll show you some fantastic scenes  
And it will be alright

Blackened blue eyes
