

## Dead Love

The Charlatans

How can you say love surrounds me?  
When you know it drowns me  
Drowns me like you do  
And you see  
I am sitting for you  
Waiting on you  
Just like I do

How can you say love surrounds me and you?  
You kill me  
And break my poor heart up in two

It's dead love  
Dead love  
Dead love

How can you say love is in you?  
When you know you feel like the way you do  
And you see  
What you're doing to me  
Take a chance now  
I'll come to you  
How can you say my life is like your own?  
When you break down in your own world, I'll be gone

It's dead love  
Dead love  
Dead love  
It's dead love  
Dead love  
Dead love
