

Keep Enough

The Charlatans

My affection is moving
I have the old in my hands
Tempt me to agree
I'm a sensitive man

Is this the beginning
Cause it feels like a start
Remember where you were
Yesterday

Keep it up
Keep it up
Keep it up

Today I am new
The direction is key
In you is the answer
Soon to be

My thoughts tend to linger
Oh friend of mine
Affections run deeper
Keeping up

Keep it up
Keep it up
Keep it up

Finding it hard
Keeping up
Have to make sure
We keep enough

My affection is moving
I have the old in my hands
Tempt me to agree
I'm a sensitive man

Is this the beginning
Cause it feels like a start
Remember where you were
Yesterday

Keep it up
Keep it up
Keep it up
Keep it up
Keep it up
