

# My Name Is Despair

The Charlatans

In a swell  
In a swim  
You miss my stare  
In a square  
Take my hand  
My own cross to bear

You miss my stare  
My name is despair

Save your soul  
Save your soul  
A path I once shared  
Could my presence  
Be too much

You will miss my stare  
My name is despair

You miss my stare  
My name is despair

Slightly walk  
Incomplete  
I was lost  
Incomplete

Slightly marred  
Through defeat  
In a vacuum  
Incomplete

My only prayer  
My name is despair

You will miss my stare  
My name is despair

My name is despair  
My name is despair

My only prayer
