

## You Can Swim

The Charlatans

And if a storm can warm  
Can warm  
Lie a ghost  
In the summer  
Deep in darkness  
Still like water  
Still like water

Dreams you understand  
Dreams you understand

Would you understand?

You can swim  
You can

And if a stone  
Can kill the spirit  
Like a dancer through the light  
With all your failures  
And imperfections  
Manifestations  
You will understand us
