Life Is Sweet

The Chemical Brothers

Days like this are sweet I'm talkin in my sleep I think you're goin soft I know its stiff for me

And Saturdays are short
I'm walkin with my dog
A lie's a canyon size
Break up this all, there is nothing bound and left

Longer that I love Break up all there is nothin' wrong with me

I'm drivin in the sun
It's a hell of a way down south
Bring me back my love
I'm standing in your home

And Saturdays are short
I'm walkin with my dog
A lie's a canyon size
Break up this all, there is nothin' on the knife

Longer that I love Break up all there is nothin' wrong with me

And days like this are sweet I'm walking in my sleep It's a place where I belong I banged a million drums

Someday I'll go back home You'll pick it up and go I like it in my head

And caught up in your love And caught up in your love And caught up in your love And caught up in your
