

# Love Never Changes

The Chordettes

Love never changes  
As time marches on  
Love never changes  
It's there with each dawn

Once in a lifetime  
It comes your way  
Deep in your heart  
It is there to stay  
Filled with devotion  
Your life is complete  
Filled with emotion  
In every so sweet  
Life is a song  
And your dreams all come true

This love that I feel dear  
Is love that is real dear  
My love never changes for you

Life is a song  
And your dreams all come true  
This love that I feel dear  
Is love that is real dear  
My love never changes for you  
Never changes for you
