

Teenage Goodnight

The Chordettes

Goodnight, goodnight
Goodnight, goodnight

Our school dance is over
They're dimming the lights
Let me hold you close
Just for a moment
And whisper a teenage goodnight

My darling, my dearest
To love you is right
Kiss me now to prove
That I'm not dreaming

Goodnight, goodnight

Let me hold you close
Just for a moment
And whisper a teenage goodnight

My darling, my dearest
To love you is right
Kiss me now to prove
That I'm not dreaming
This wonderful teenage goodnight

Goodnight, goodnight
