

We say that "love is all you need"  
We say that love, it comes for free  
And in a way I must agree  
But, love, it cost Him everything  
'Cause we are in love  
For God, He loved us  
'Cause if we live love we are like a love letter  
From the heart of God who loves like no other  
To the lost and lonely heart, so together we will live love  
Live love  
Love, it is a bleeding heart  
And love, it doesn't count the cost  
Love, the price is paid 'cause Love has made a way  
For us to shine like stars  
We are in Love  
'Cause God, He loved us  
'Cause if we live love we are like a love letter  
From the heart of God who loves like no other  
To the lost and lonely heart, so together we will live love  
Live love.  
Live love: my sisters, my brothers  
Live love: it's the heartbeat of heaven  
So live love: 'cause You're the love letter  
Live love.  
'Cause if we live love we are like a love letter  
From the heart of God who loves like no other  
To the lost and lonely heart so together we will live love  
Live love
