

# Long Walk Home

The City Harmonic

It's a long walk home for the heart and soul  
And as for me and mine we've got a ways to go  
So I thank the Lord I don't walk alone  
'Cause He's a light unto my winding road  
Step by step  
Day by day  
It's a long walk home  
But I know the Way  
And I, for one, will run this old race  
'til Kingdom come and I see His face  
Death, he keeps an easy street  
But that highway isn't meant for me  
Step by step  
Day by day  
It's a long walk home  
But I know the Way  
And I, for one, will run this old race  
'til Kingdom come and I see His face  
Step by step  
Day by day  
It's a long walk home  
But I know the Way  
And I will run, run, run this old race  
'til Kingdom come and I see His face
