

## Forget Me Not

The Civil Wars

I've been awaiting for you  
And you've been awaiting for me  
Tell me that you'll always be true  
And you'll be the only one for me  
Forget me not my dear, my darling  
Forget me not my love  
I just wanna hold your hand  
Hang on every word you say  
Let's write a song for us  
And sing until we're old and grey  
Forget me not my dear, my darling  
Forget me not my love  
I'm coming home real soon  
Please leave a light on for me  
Tell me that you'll always be true  
And you'll be the only one for me  
Yes, you'll be the only one for me
