

# Beautiful Christmas

The Clark Sisters

I rolled over and opened my eyes  
Take a look out the window (and all the trees are covered in white)  
Run down the stairs, all the stockings are stuffed  
(The presents are everywhere)  
Joy is in the air, feel like a child, wanna run around the house singing

Come on, come on, come on everybody get up (come on y'all)  
Snow's fallin' everywhere  
It looks like a winter wonderland (my family's all here and I'm so grateful)  
Come on, come on, come on everybody get up  
It's the best time of the year  
And I'm so glad that it's finally here (I'm so happy it's here for a while)  
Ring those bells, ring those bells  
Get up everybody, Christmas time is here  
Don't wanna miss this day  
This is the day of Jesus' birthday, let's celebrate  
Gather all the family, bring the babies around the Christmas tree  
I know that there will be  
Come on everybody, we're having a beautiful Christmas

See like my folks that get it, know  
That they still kissing under mistletoe  
Daddy frontin' sayin' no, but he can't stop his love this time of year  
It brings joy, it brings hope  
It brings peace, it brings everything  
And it means everything to my family  
Come on and sing with me

Come on, come on, come on everybody get up (oh come on)  
Snow's fallin' everywhere (and it looks like a winter)  
It looks like a winter wonderland (my family's all here and I'm so grateful)
